CONDITIONAL AUCTION TERMS AND CONDITIONS

Introduction These Conditional Auction Terms and Conditions govern the conduct of conditional auctions conducted by Advanced Property Auctions. Any property sold by Advanced Property Auctions either Online or in person which is expressed to be Conditional is governed by these conditions.

There are three sections:

Glossary The glossary gives special meanings to certain words used in the conditions.

Auction Conduct Conditions The Auction Conduct Conditions govern the relationship between the auctioneer and anyone who participates in the auction. They apply wherever the property is located and cannot be changed without the auctioneer's agreement.

Reservation Conditions If you are the successful bidder in a conditional auction for a property then you must enter into a reservation agreement and will be bound by the reservation conditions relevant to that Property.

Important Notice

Before bidding for a property, a prudent Buyer should carry out their own due diligence, including but not limited to:

- Read these Conditional Auction Terms and Conditions and the Buying section of the Auctioneer's Website
- Check the Buyer Information Pack including the Special Conditions for the Property
- Take advice from professionals such as a conveyancer, a financial advisor, or a surveyor where appropriate.
- Have finance available for the Purchase Price, the Reservation Fee, and any additional fees stated in the Special Conditions These Conditions assume that a Buyer has acted as a prudent Buyer, and bidding without doing so is at your own risk.

Glossary

This glossary applies to the AUCTION CONDUCT CONDITIONS and the RESERVATION CONDITIONS.

The laws of England and Wales apply to the CONDITIONS and YOU, WE, the SELLER and the BUYER all submit to the jurisdiction of the Courts of England and Wales.

Wherever it makes sense:

About this form

The aim of this form is to make clear to the buyer which items are included in the sale. It must be completed accurately by the seller as the form may become part of the contract between the buyer and seller.

It is important that sellers and buyers check the information in this form carefully.

Definitions

- 'Seller' means all sellers together where the property is owned by more than one person.
- 'Buyer' means all buyers together where the property is being bought by more than one person.

Instructions to the seller and the buyer

In each row, the seller should tick the appropriate box to show whether:

- the item is included in the sale ('Included');
- the item is excluded from the sale ('Excluded');
- there is no such item at the property ('None').

Where an item is excluded from the sale the seller may offer it for sale by inserting a price in the appropriate box. The buyer can then decide whether to accept the seller's offer.

A seller who inserts a price in this form is responsible for negotiating the sale of that item directly with the buyer or through their estate agent. If the seller or buyer instructs their solicitor to negotiate the sale of such an item, there may be an additional charge.

Sellers and buyers should inform their solicitors of any arrangements made about items offered for sale.

If the seller removes any fixtures, fittings or contents, the seller should be reasonably careful to ensure that any damage caused is minimised.

Unless stated otherwise, the seller will be responsible for ensuring that all rubbish is removed from the property (including from the loft, garden, outbuildings, garages and sheds), and that the property is left in a reasonably clean and tidy condition.

Breakdown of property's energy performance

Features in this property

Features get a rating from very good to very poor, based on how energy efficient they are. Ratings are not based on how well features work or their condition.

Assumed ratings are based on the property's age and type. They are used for features the assessor could not inspect.

Feature	Description	Rating
Wall	Sandstone or limestone, as built, no insulation (assumed)	Very poor
Roof	Pitched, no insulation (assumed)	Very poor
Roof	Roof room(s), no insulation (assumed)	Very poor
Window	Fully double glazed	Average
Main heating	Boiler and radiators, mains gas	Good
Main heating control	Programmer, room thermostat and TRVs	Good
