## CONDITIONAL AUCTION TERMS AND CONDITIONS

**Introduction** These Conditional Auction Terms and Conditions govern the conduct of conditional auctions conducted by Advanced Property Auctions. Any property sold by Advanced Property Auctions either Online or in person which is expressed to be Conditional is governed by these conditions.

There are three sections:

**Glossary** The glossary gives special meanings to certain words used in the conditions.

**Auction Conduct Conditions** The Auction Conduct Conditions govern the relationship between the auctioneer and anyone who participates in the auction. They apply wherever the property is located and cannot be changed without the auctioneer's agreement.

**Reservation Conditions** If you are the successful bidder in a conditional auction for a property then you must enter into a reservation agreement and will be bound by the reservation conditions relevant to that Property.

### **Important Notice**

Before bidding for a property, a prudent Buyer should carry out their own due diligence, including but not limited to:

- Read these Conditional Auction Terms and Conditions and the Buying section of the Auctioneer's Website
- Check the Buyer Information Pack including the Special Conditions for the Property
- Take advice from professionals such as a conveyancer, a financial advisor, or a surveyor where appropriate.
- Have finance available for the Purchase Price, the Reservation Fee, and any additional fees stated in the Special Conditions These Conditions assume that a Buyer has acted as a prudent Buyer, and bidding without doing so is at your own risk.

**Notes**

- (1) It has not always been a requirement for public sewers, disposal mains or lateral drains to be recorded on the public sewer map. It is therefore possible for unidentified sewers, disposal mains or lateral drains to exist within the boundaries of the property. A full site inspection is recommended prior to any work commencing.
- (2) Please note that from 1st October 2011 the majority of private sewers and lateral drains connected to the public network as of 1st July 2011 transferred into public ownership and it is therefore possible there may be additional public assets within or close to the boundary which may not be shown on the public sewer plan. The presence of public assets running within the boundary of the property may restrict further development. If there are any plans to develop the property further enquiries should be made to the undertaker.
- (3) The undertaker has a legal right of access to carry out work on its assets, subject to notice. This may result in employees of the undertaker or its contractors needing to enter the property to carry out work.
